

Welcome

Richland County Solid Waste Authority is responsible for implementing Richland County's solid waste management plan designed to achieve the goals set by the Ohio EPA for waste reduction, recycling and reducing reliance on land filling waste generated within Richland County. Click here to read our [five year plan](#)

On our website you will find helpful information regarding our Board Members, Staff, Educational Programs that we offer, our Compost Facility, Scrap Trailer, Collection Facility, Drop-Off Locations, Latest News, Upcoming Events, Resource information, as well as many other helpful links.

If you have any questions please give us a call @ **419-774-5861** Monday–Friday 8:00am to 4:30pm.

Mission Statement: The Richland County Solid Waste Authority's goal is to reduce the volume of waste that is placed in our local landfill and to promote the theme "Reduce, Reuse and Recycle" for the many items we use in our daily lives.

Education: It has been said for many generations that the youth of today are the future of tomorrow. We at RCSWMA believe this to be an incontrovertible truth. We also believe that education of today's youth will be the saving of our planet tomorrow.. That being said, we have developed many education programs that help teachers (public, private, and individuals) educate today's youth to Reduce, Reuse, and Recycle in as many positive ways we can find.

Click [here](#) more about our education programs.

S.C.R.A.P. Trailer: The S.C.R.A.P. Trailer (School Community Recycling As Partners) picks up recyclable materials at 20 local schools each month. Materials accepted include #1 and #2 plastic, aluminum cans, tin cans, newspaper and corrugated cardboard. Schools receive the money from the sale of recyclables.
