

APRIL NEWSLETTER

2019 Earth Stewardship months are April and May. Please get involved in your community by organizing a group of individuals to pick up litter on a certain day. The Richland County Solid Waste Management will provide gloves, trash bags, vests and signs upon request. We only ask that you fill out our litter form upon completion of the project. All volunteers will be entered into a drawing to win great prizes. Please give us a call at (419)-774-5861 Monday thru Friday 8:00 a.m. to 4:30 p.m.

Richland County Solid Waste will hold a special event on April 27, 2019. The Earth Stewardship Celebration will be here at 1125 National Parkway, Mansfield, Ohio from **10:00 A. M. to 2:00 P.M.** for Richland County Resident's Only. [Click here for more information](#)

The National Prescription Drug Take Back Day is also on April 27, 2019 (**same time and location listed above**). This event gives resident's an opportunity to dispose of unwanted or expired medicine safely. Do not flush medicine down the toilet for it can contaminate our water and is not good for the environment. Please put all pills in a clear ziploc bag and bring them to the event. Make sure all the personal information on the prescription label is marked off with a permanent marker before you recycle or throw them away,
