

## Education Links

### [National Environmental Education Foundation](#)

National Environmental Education Foundation (NEEF) provides knowledge to trusted professionals who, with their credibility, amplify messages to national audiences to solve everyday environmental problems. Together, we generate lasting positive change.

### [National Environmental Education Week](#)

National Environmental Education Week (EE Week), the nation's largest environmental education event held each year the week before Earth Day, inspires environmental learning and stewardship among K-12 students.

### [Classroom Earth](#)

The National Environmental Education Foundation, in partnership with The Weather Channel, has launched Classroom Earth, a program designed to enhance and strengthen environmental education in high school classrooms nationwide. By harnessing the expertise and passion of teachers and students around the country, Classroom Earth will enrich the high school curriculum by encouraging the inclusion of environmental education into all high school subjects - from biology to art - and make it easier for teachers to access best practices online. The primary goal of the program is to increase the environmental literacy of high school students and to provide models for including environmental education in high school classrooms through the Web.

### [Crafts4kids](#)

Hands on Crafts for kids, Home of Fun and Creative Projects for kids 7-12.

### [Green Choices](#)

Green Choices is about the choices we can make in our everyday lives to protect our environment, for the benefit of all.

### [Free Drinking Water](#)

Water conservation can be thought of as the policy of reducing the use of water and recycling waste water for various reasons.

### [Energy Savers](#)

The resources here will help you find energy-saving and renewable energy products and services.
