

ABOUT US

Richland County Solid Waste (RCSW) offers the residents of Richland County many options for recycling household items. A recycling guide for both Residential and Businesses is included in this website. The guides are full of important information on how and where to recycle. In addition, RCSW has 13 Drop-off Locations throughout the county to help promote recycling.

Our goal is to give you the tools needed to dispose of items responsibly.

In addition to recycling, the RCSW maintains the Closed Landfill at 536 Cairns Road in accordance with Ohio's EPA guidelines; our Educational Program for third graders teaches local students the benefits of recycling, and why it is important to take care of the environment; and we operate the Compost Facility located at 441 Cairns Road. The Compost Facility gives Richland County residents a place to properly dispose of yard waste and Christmas Trees. What is yard waste? Click on the following link for information: [Yard Waste](#).
