Tuesday — Saturday
8:00 A.M. to 4:00P.M.

Closed For Lunch: 12:00- 12:30

We do not accept any broken glass

Businesses refer to www.richlandrecycles.com
Under the Business tab,
click on Recycling Guide
for more information.

How to Prepare Glass for Recycling

RCSW only accepts glass that contained food or beverage.

- Please rinse your glass thoroughly.
- Remove all caps and lids. The steel lids can be recycled with the tin cans.
- Throw away the plastic lids.
- Labels do not have to be removed.
- No sorting necessary!

How to Dispose of Broken Glass

1. Take proper precautions: Wear work gloves and thick-soled shoes when cleaning up broken glass.
2. Place the bigger pieces in a large trash bag.
3. Vacuum up smaller pieces.
4. Blot the area with a soft piece of bread. Throw out the bread.
5. Wipe down the area with a damp paper towel.
6. Place the trash bag in a cardboard box.
7. Put the container out with the normal trash.

Please refer to the following website for more information:

<https://www.wikihow.com/Dispose-of-Glass>.

What is recycled glass turned into?

It can be turned into countertops, flooring, astroturf, tile landscaping, abrasives, stones and bricks.

How to Recycle Window Glass ?

Recycling window glass isn't impossible to do, but it may require a bit of calling around! Some companies accept broken glass and use it to make asphalt or other building materials. If you have large pieces of glass, you may want to try to track down local artists who work with glass. You just might have the piece they need for their next masterpiece!

Do Not put broken window glass in your recycling bin.
